

PHI SIGMA KAPPA FOUNDATION

2019-2020 ANNUAL REPORT

The Phi Sigma Kappa Foundation, Inc. (Foundation) was established in 1947 as the arm of the Fraternity that can receive tax deductible contributions as a qualified 501(c)(3) dedicated to funding the educational programs of the Grand Chapter. Any Phi Sig who has attended a regional conclave, Shonk Leadership School, Zillgitt Leadership Institute, received a national scholarship, or lived in a chapter house whose alumni raised tax deductible funds to remodel or build educational spaces in the house has been enriched by the work of the Foundation.

Following the vision of the Grand Chapter to enrich the undergraduate experience, expand strategically on campuses across the country with emphasis on schools where Phi Sig once had a chapter, and engaging with alumni and volunteers to foster support for a wide range of educational programming for our undergraduates, the Foundation is proud to play its part in achieving these goals. Each day we work with alumni across the country to make Phi Sig an even greater Fraternity with a positive impact on our members and society.

FOUNDATION BOARD OF TRUSTEES

Executive Committee

John Sheehan (Northern Illinois University '82)

President

Dr. Adam Carter (Hobart College '90)

GIFT IMPACT: LEADERSHIP EDUCATION, PROGRAMMING & ACHIEVEMENTS

Albert D. Shonk Undergraduate Leadership School: \$45,000

Phi Sigma Kappa made history this year by hosting the first-ever virtual Shonk Undergraduate Leadership School in response to the COVID-19 pandemic. Named for past Grand President and past Phi Sigma Kappa Foundation President Albert D. Shonk, Jr., Leadership School is held every year either in conjunction with the General Convention, or as its own educational program. This year virtual sessions spanned over the course of 10 days, featuring large group webinars geared towards chapter leaders, advisers, and general undergraduate and alumni brothers. Featured webinars included James Robilotta, an engaging speaker on authentic leadership, Dr. Gentry McCreary, who shared our data from the Annual Membership Survey, Kimberley Timpf and Maria Hetz from EVERFI, who presented our data on alcohol use through GreekLifeEdu, and Brother Keith Wenrich, who shared insights on leading a team. Of course, it wouldn't be our annual summer conference without celebrating Phi Sigma Kappa as a Fraternity. Phi Sig-focused sessions included the Leadership School Kick-Off, featuring the State of the Fraternity speech, presented by Executive Director/COO Nick Zuniga and Grand President Christopher Hoye, the presentation of the local Chapter Awards, and the Phi Sig History session with former Grand Presidents Al Shonk and Todd Simpson. Additionally, Recruitment Chairmen from local chapters were invited to participate in small groups to share ideas on navigating recruitment this upcoming year. These small groups were led by 20 volunteer Phi Sig and non-member facilitators and were held completely over Zoom. Undergraduate members who participated discussed overcoming challenges for recruitment, using their Annual Membership Survey data to recruit, branding and public relations, inclusive recruitment practices, and retaining brothers.

Robert M. Zillgitt Leadership Institute: \$29,000

This year's Zillgitt Institute looked very different compared to previous ones, as this was the first time Zillgitt went fully online. The virtual Zillgitt was hosted over four consecutive evenings leading up to the Leadership School kickoff, and was facilitated by longtime Zillgitt facilitators Ed Kovacs, Matt Gregory and Ryan Cole, with Drew Kerwood providing staff support. Over the four sessions, 13 undergraduate participants explored a number of topics including the *CliftonStrengths for Students™* assessment and how to utilize their personal strengths and talents, virtual networking and engagement strategies, vulnerability and social justice issues, lifelong leadership, the history of Phi Sigma Kappa, and the Fraternity's ongoing partnership with the Special Olympics. Participants engaged with several special guest speakers, including Court of Honor member Jim Schmitz discussing "leadership for life", a few staff members from Special Olympics Indiana, Grand Council Directors Sean McGreevey and David Cohen, Phi Sigma Kappa Properties President Shawn Shivnen, and Court of Honor members Scott Jacobson and Al Shonk and a representative from Pennington and Company to get a sneak peek of the Shonk Educational Archive Center.

Lowe Volunteer Grant: \$21,000

The Grand Chapter continues to reach out to alumni to serve as advisers and volunteers. Our goal is always to have all chapters with a viable chapter adviser. In 2019-20, the staff formalized the relaunch of the Regional Adviser program. These volunteers will serve as a partner and

adjunct to the professional staff, regional advisers will provide chapter support, strive to see proper educational goals are met, and assist with ensuring Phi Sigma Kappa has a strong cadre of brothers to support operations at local, regional, and national Fraternity events. All advisers now take part in a background check and have an ongoing training course that includes monthly calls and online development. These calls focus on the topics that are relevant to the undergraduate chapters at the time they occur.

During the 2020 Shonk Undergraduate Leadership School trainings occurred on high-priority topics including, Advisory support in Recruitment, Debrief of the Annual Membership Survey Data, Understanding Gen Z, and COVID-19 & Fall Operations. We continue to work with chapter adviser teams and will begin performing onsite, chapter-based trainings in the coming years post-pandemic.

Scholarships & Grants: \$40,000

The Phi Sigma Kappa Fraternity provided several scholarships, fellowships and educational grants during the 2019-2020 academic year. Scholarship recipients are carefully chosen based upon their academic success, commitment to the ideals of Phi Sigma Kappa and service to their campus, community, and Fraternity. Undergraduate and graduate members are eligible for scholarships and grants. For the 2019-2020 academic year a total of \$70,907 in scholarships were awarded through a combination of nationally granted funds and individual chapter awards managed by the Foundation. This included the Delta Pentaton Scholarship, Nish Educational Grant, and G. Duarte Zeta Scholarship, and others.

2020 Conclave: President and Advisor Academy

For the second year in a row, the Grand Chapter hosted a national Officer Academy as its Regional Conclaves. This in person leadership development and officer training conference was held Friday, January 17 – Sunday, January 19, 2020 in Chicago, IL. A total of 86 undergraduate officers attended, the majority of which were Chapter Presidents with 23 local chapters sending their Inductors in addition to their President. 8 new Chapter Advisers/Alumni Advisory Board members were also in attendance. All participants learned more about the expectations of their role, resources the Fraternity provides, and how to succeed as a representative of Phi Sigma Kappa and as a leader on their campus and for their chapter.

Chapter Educational Funds and Endowments

For many brothers, their memories of the Fraternity are directly tied to those memories generated in their local chapter. Through Chapter Educational Funds and Endowments, the Phi Sigma Kappa Foundation provides future generations of brothers the opportunities to experience what over 130,000 of us already have; a lifetime of brotherhood.

Chapter Housing Funds

The Foundation supports individual chapter's in their effort to collect tax deductible donations to be used to construct and operate educational spaces such as computer labs, libraries and study lounges in chapter houses. It also has supported the effort to create the Albert D. Shonk Jr. Archives and Educational Center at the Fraternity's International Headquarters that will be opening this coming year.

Chapters that have worked with the Foundation in this way this past year include Delta Triton at Purdue, Alpha Epsilon at Emporia State, and Kappa Tetarton at Southern Illinois University.

FY20 FINANCIAL HIGHLIGHTS

As reflected in the trustee format monthly financial statements, in fiscal 2020 the Foundation realized total donor support and other revenue of \$1,187,774 versus \$879,749 in the prior fiscal year. \$794,722 of the FY2020 revenue was in the form of bequests and restricted gifts in support of specific chapters, projects, and educational programs. Of this total \$102,500 were unrestricted bequests which have been restricted by the board of trustees and added to the Foundation's Chapter Eternal Education Fund which generates investment returns annually to support Fraternity educational programming in perpetuity. \$17,110 in unrestricted bequests were received in FY2019. Also noteworthy, the Foundation received a \$406,690 bequest in FY2020 to provide annual scholarships for the brothers at our University of Illinois chapter.

After scholarships, grants, and expenses, the Foundation experienced a net increase in total assets in fiscal 2020 of \$322,201. Of this total \$67,474 was unrestricted.

Audited financial statements of the Foundation for fiscal 2020 will be available by the end of the year. They will be posted to the Foundation's web site when they become available.

Foundation's Investment Portfolio Highlights for FY2020

The Foundation has two investment portfolios: liquidity and balanced. The liquidity portfolio is for funds that are expected to be extracted within 12 months for specific projects or activities. This portfolio is 100% liquid and invests only in U.S. Treasuries and FDIC-insured bank CDs that mature within six months. There is no market volatility in the liquidity portfolio and its market value was \$129k at the end of Fiscal 2020. The much larger balanced portfolio is about 90% well diversified in large cap, mid/small cap and foreign exchange traded funds, while the remaining approximate 10% is in liquid assets that have no credit risk (or market volatility) and cash. During Fiscal 2010, the balanced portfolio grew almost 60% to nearly \$1.5 million at year end. New capital infusions of over \$500 thousand and \$33 thousand of dividend income during the year accounted for this growth. The balanced portfolio's hefty 3.5% dividend yield allowed it to weather the market's (DJIA) downturn during the year and end Fiscal 2020 with a positive 2.8% total return.

THE YEAR AHEAD – Life Loyal, and Bequests funding the Chapter Eternal Education Fund.

As we move forward in fiscal 2021 Phi Sigma Kappa will begin to talk about, and promote, **Life Loyal** and the need to develop a culture of annual support amongst the 60,000+ members of our Fraternity. Being **Life Loyal** means you are committed to providing financial support to Phi Sigma Kappa, each and every year. Through **Life Loyal** we will harness the financial power of our alumni brothers so that the needs of the Fraternity will no longer rest only on the shoulders of our undergraduate members. This change in the culture of Phi Sigma Kappa is beginning with our leadership boards with the Grand Council, Phi Sigma Kappa Properties and the Phi Sigma Kappa Foundation all setting individual and group goal gift levels that combined, should provide over \$75,000 in funding to the Fraternity through the Foundation in the first year of this initiative.

Also, in the coming year, we will be talking about estate gifts to the Foundation that can either be for designated purposes, or if not designated, invested in with the other unrestricted bequests that have been received in the last 2 years into the Chapter Eternal Education Fund. This fund has its principle self-restricted by the Foundation Board of Trustees. Each year it will provide earnings to enrich the educational programming of the Fraternity. It will contribute to grow the corpus of the Foundation. Through the Chapter Eternal Education Fund, brothers will be able to join with other brothers to enrich Phi Sigma Kappa in perpetuity.

And we will stay the course:

- The Foundation will work with the professional staff and Fraternity to see the Albert D. Shonk Jr. Archives and Education Center to completion in the coming year.
- We will have our third Day of Giving in March 2021 with the goal of exceeding last year's successful effort.
- Phi Sigs have seen the Signet upgraded and expanded. The Foundation is committed to maintaining this high level of quality and getting our Fraternity's magazine into more members' hands.
- Working with the Grand Council and Phi Sigma Kappa Properties, the Foundation added a director of development to our staff in Indianapolis this past year. Augie Farwig is a Phi Sig who initiated at Ferris State and graduated from Ball State. Augie is working every day to promote the positive impact Phi Sigma Kappa has on its undergraduate members, leading them to be better men, while continually enriching the lives of its alumni brothers.
- The Foundation is continuing to seek out brothers to strategically add trustees and associate trustees that can support the goals of the Foundation and Fraternity while increasing representation from chapters and geographies across the country.

The Foundation would like to thank all the donors who supported the Fraternity through their gifts this past year. We worked together as a member organization, a brotherhood, to strengthen Phi Sigma Kappa and support our undergraduates and each other.

Brothers, families, and friends who understand the value Phi Sig brings to young college men, and alumni members throughout life, worked together to meet fundraising goals for the benefit of the Fraternity. THANK YOU ALL!

Whether you are a first-time supporter or already a **Life Loyal** brother who has supported Phi Sig year after year, your generosity carries Phi Sigma Kappa into the future.

We promise to use your gifts to enrich our undergraduate brothers. It is through your effort and support that we will help them to realize their full potential as men of character committed to living by the Golden Rule and treating all others and themselves with respect and dignity.

Fraternally and Respectfully Submitted,

John P. Sheehan '82
