

PHI SIGMA KAPPA

FOUNDATION

2020-2021 ANNUAL REPORT

The Phi Sigma Kappa Foundation, Inc. (Foundation) was established in 1947 as the arm of the Fraternity that can receive tax deductible contributions as a qualified 501(c)(3) dedicated to funding the educational programs of the Grand Chapter. Any Phi Sig who has attended a Officers' Academy Conclave, Shonk Leadership School, Zillgitt Leadership Institute, received a national scholarship, or lived in a chapter house whose alumni raised tax deductible funds to remodel or build educational spaces in the house has been enriched by the work of the Foundation.

Following the vision of the Grand Chapter to enrich the undergraduate experience, expand strategically on campuses across the country with emphasis on schools where Phi Sig once had a chapter, and engaging with alumni and volunteers to foster support for a wide range of educational programming for our undergraduates, the Foundation is proud to play its part in achieving these goals. Each day we work with alumni across the country to make Phi Sig an even greater Fraternity with a positive impact on our members and society.

GIFT IMPACT: LEADERSHIP EDUCATION, PROGRAMMING & ACHIEVEMENTS

Albert D. Shonk Undergraduate Leadership School

Phi Sigma Kappa made history this year by hosting the first-ever virtual Shonk Undergraduate Leadership School in response to the COVID-19 pandemic. Named for past Grand President and past Phi Sigma Kappa Foundation President Albert D. Shonk, Jr., Leadership School is held every year either in conjunction with the General Convention, or as its own educational program. This year virtual sessions spanned over the course of 10 days, featuring large group webinars geared towards chapter leaders, advisers, and general undergraduate and alumni brothers. Featured webinars included James Robilotta, an engaging speaker on authentic leadership, Dr. Gentry McCreary, who shared our data from the Annual Membership Survey, Kimberley Timpf and Maria Hetz from EVERFI, who presented our data on alcohol use through GreekLifeEdu, and Brother Keith Wenrich, who shared insights on leading a team. Of course, it wouldn't be our annual summer conference without celebrating Phi Sigma Kappa as a Fraternity. Phi Sig-focused sessions included the Leadership School Kick-Off, featuring the State of the Fraternity speech, presented by Executive Director/COO Nick Zuniga and Grand President Christopher Hoye, the presentation of the local Chapter Awards, and the Phi Sig History session with former Grand Presidents Al Shonk and Todd Simpson. Additionally, Recruitment Chairmen from local chapters were invited to participate in small groups to share ideas on navigating recruitment this upcoming year. These small groups were led by 20 volunteer Phi Sig and non-member facilitators and were held completely over Zoom. Undergraduate members who participated discussed overcoming challenges for recruitment, using their Annual Membership Survey data to recruit, branding and public relations, inclusive recruitment practices, and retaining brothers.

Robert M. Zillgitt Leadership Institute

This year's Zillgitt Institute looked very different compared to previous ones, as this was the first time Zillgitt went fully online. The virtual Zillgitt was hosted over four consecutive evenings leading up to the Leadership School kickoff, and was facilitated by longtime Zillgitt facilitators Ed Kovacs, Matt Gregory and Ryan Cole, with Drew Kerwood providing staff support. Over the four sessions, 13 undergraduate participants explored a number of topics including the CliftonStrengths for Students™ assessment and how to utilize their personal strengths and talents, virtual networking and engagement strategies, vulnerability and social justice issues, lifelong leadership, the history of Phi Sigma Kappa, and the Fraternity's ongoing partnership with the Special Olympics. Participants engaged with several special guest speakers, including Court of Honor member Jim Schmitz discussing "leadership for life", a few staff members from Special Olympics Indiana, Grand Council Directors Sean McGreevey and David Cohen, Phi Sigma Kappa Properties President Shawn Shivnen, and Court of Honor members Scott Jacobson and Al Shonk and a representative from Pennington and Company to get a sneak peek of the Shonk Educational Archive Center.

Lowee Volunteer Grant

The Grand Chapter continues to reach out to alumni to serve as advisers and volunteers. Our goal is always to have all chapters with a viable chapter adviser. In 2019-20, the staff formalized the relaunch of the Regional Adviser program. These volunteers continue to serve as a partner and adjunct to the professional staff, regional advisers provide chapter support, strive to see proper educational goals are met, and assist with ensuring Phi Sigma Kappa has a strong cadre of brothers to support operations at local, regional, and national Fraternity events. All advisers now take part in a background check and have an ongoing training course that includes monthly calls and online development. These calls focus on the topics that are relevant to the undergraduate chapters at the time they occur.

Scholarships & Grants

The Phi Sigma Kappa Fraternity provided several scholarships, fellowships and educational grants during the 2020-2021 academic year. Scholarship recipients are carefully chosen based upon their academic success, commitment to the ideals of Phi Sigma Kappa and service to their campus, community, and Fraternity. Undergraduate and graduate members are eligible for scholarships and grants. For the 2020-2021 academic year a total of \$25,885 in scholarships were awarded through a combination of nationally granted funds and individual chapter awards managed by the Foundation. This included the Delta Pentaton Scholarship, Nish Educational Grant, and G. Duarte Zeta Scholarship, and others.

2021 Conclave: Officer and Adviser Academy

For the third year in a row, the Grand Chapter hosted a national Officer and Adviser Academy instead of Regional Conclaves for the purpose of training the leaders of our local chapters. This year the 2021 Conclave was held virtually over the course of two weeks in January. For the first time, a track was offered for all Executive Board positions and Recruitment Chairmen. Along with the educational sessions, programs were held featuring a keynote address from the Chancellor of the Court of Honor, Sean Shingler, a risk management training, Order of Omega Case Study competition and a brotherhood networking session. There were 390 total participants.

Chapter Educational Funds and Endowments

For many brothers, their memories of the Fraternity are directly tied to those memories generated in their local chapter. Through Chapter Educational Funds and Endowments, the Phi Sigma Kappa Foundation provides future generations of brothers the opportunities to experience what over 130,000 of us already have; a lifetime of brotherhood.

Chapter Housing Funds

The Foundation supports individual chapters in their effort to collect tax deductible donations to be used to construct and operate educational spaces such as computer labs, libraries and study lounges in chapter houses. It also has supported the effort to create the Albert D. Shonk Jr. Archives and Educational Center at the Fraternity's International Headquarters that will be opening this coming year.

Chapters that have worked with the Foundation in this way this past year include Delta Triton at Purdue, Alpha Epsilon at Emporia State, and Kappa Tetarton at Southern Illinois University.

FY21 FINANCIAL HIGHLIGHTS

This year the Foundation worked with the Grand Council and Phi Sigma Kappa Properties to launch the **Life Loyal** initiative. **Life Loyal** asks alumni members to consider how their experiences with their Fraternity back in their college years helped to make them the men they are today. Further, it asks alumni members to recognize that they continue to obtain great value from their Fraternity through active social and supportive relationships with their Phi Sig friends throughout their lives. Phi Sigma Kappa is our 148-year-old Fraternity and its 60,000+ alumni members have the capacity to provide for its financial future and thereby support its undergraduate members and each other.

This year, as part of the **Life Loyal** initiative, each member of the Foundation board of trustees committed to increasing their annual personal gift from \$1,000 to a minimum of \$2,500. The Foundation worked with the Grand Council and Phi Sigma Kappa Properties to pledge \$75,000 in **Life Loyal** gifts this year from the members of the Grand Chapter's 3 governing boards.

To be recognized as **Life Loyal**, younger alumni are asked to provide \$10 per month, \$120 per year, in support after they graduate and begin their careers. Alumni who are 30 and older are asked to provide \$21 per month, \$250 annually. Members of the 4th degree or higher are asked to provide at least \$500 in annual support. Alumni Clubs and Housing Corporations are also asked to be **Life Loyal** each year by providing from \$1,000 to \$5,000, depending on the age and size of the chapter and its alumni group. Our undergraduate brothers can also be recognized as **Life Loyal**, as the 1873 Society becomes part of this initiative.

As reflected in the preliminary trustee format monthly financial statements, the annual campaign of the Foundation generated \$366,241 in donations received in fiscal 2021 versus \$329,562 in the prior fiscal year, an increase of 11%. Total gifts received in fiscal 2021 were \$609,856 versus \$1,124,020 in fiscal 2020 which included bequests of \$509,190. Bequests received in 2021 were \$5,380.

- Funding to the Fraternity in fiscal 2021 was \$302,429 versus \$261,708 in the prior fiscal year.
- After scholarships, grants, and expenses, the Foundation experienced a net increase in total assets in fiscal 2020 of \$386,499. Of this total, \$131,343 was unrestricted.
- Audited financial statements of the Foundation for fiscal 2021 will be available by the end of the year. They will be posted to the Fraternity's web site when they become available.

Foundation's Investment Portfolio Highlights for FY2021

The Foundation has two investment portfolios: capital preservation and balanced. The capital preservation portfolio is for funds that are expected to be extracted within 6 - 12 months for specific projects or activities. This portfolio is 100% liquid and invested only in U.S. Treasuries and FDIC-insured bank CDs that mature within six months. There is no market volatility in this portfolio and its market value was \$14.3 thousand at the end of Fiscal 2021. The much larger balanced portfolio is about 90% well diversified in large cap, mid/small cap and foreign exchange traded funds, while the remaining approximate 10% is in liquid assets that have no credit risk (or market volatility) and cash. During Fiscal 2021, the balanced portfolio grew over 29% in value to end the year at over \$1.9 million. Capital infusions into the balanced portfolio were modest (under \$3 thousand) during Fiscal 2021, however \$37 thousand of dividend/interest income and asset appreciation accounted for this growth. The balanced portfolio realized almost \$84 thousand in capital gains during Fiscal 2021 and ended the year with \$314 thousand in unrealized gains. The balanced portfolio's distribution (i.e., dividend) yield averaged 2.3% during the year and the portfolio experienced a 30.4% total holding period return in Fiscal 2021.

Milestones and the Year Ahead

Life Loyal

As we begin fiscal 2022 Phi Sigma Kappa will continue to build a culture of **Life Loyal** support amongst our 60,000+ alumni members. **Life Loyal** Phi Sigs are committed to providing financial support to our Fraternity each and every year. Through **Life Loyal** we will harness the financial power of our alumni brothers so that the needs of the Fraternity will no longer solely rest only on the shoulders of our undergraduate members. This is our precious Fraternity, and we, its members, will work together to provide for its financial future.

Day of Giving

Several years ago, Grand Council Director David Cohen observed that other nonprofit organizations executed Days of Support, or Giving, and had success with these fundraising events. His suggestion that the Foundation establish a Day of Giving resulted in our first Phi Sig Day of Giving in 2018. That year, on March 15th with a goal of raising \$25,000, Phi Sigma Kappa raised over \$40,000.

This past year Phi Sigma Kappa held its 4th annual Day of Giving, with a goal of raising \$150,000. Working together, we raised over \$182,000. We look forward to seeing all chapters and their alumni thoroughly represented and participating in future Days of Giving as word spreads of this important fundraising event.

For all of those who helped us achieve this record Day of Giving gift level, the Foundation, and the Fraternity, thank you.

Estate Gifts: A Lasting Legacy in Support of Phi Sig

As we gather together this year at our 68th biennial General Convention let us enjoy our fellowship and the warmth of our brotherhood. And while we are in each other's company, let us encourage one another to recognize Phi Sigma Kappa through the Foundation in our individual estate plans. For it is through estate gifts that Foundations do not spend on annual operating costs that earnings generating portfolios are built to enrich their Fraternities.

When the Foundation receives bequests as a result of a brother recognizing the Fraternity in his estate plans, these monies are utilized for their restricted purpose. When no specific purpose is provided, bequests are added to the Foundation's board designated Chapter Eternal Education Fund where they will provide for Phi Sigma Kappa's educational expenses, and support our undergraduates, in perpetuity.

And More:

- The Foundation worked with Scott Jacobson, the Grand Council, and the professional staff of the Fraternity to see the Albert D. Shonk Jr. Archives and Education Center to completion. We look forward to its grand opening later this year.
- We will have our 5th Day of Giving in March 2022 with the goal of exceeding last year's successful effort.
- The Foundation looks forward to exploring additional ways to further upgrade The Signet and get it into the hands of more of our members.
- We look forward to resuming alumni receptions in various cities, sharing our fellowship, and promoting **Life Loyal**.
- The Foundation is continuing to seek out brothers to strategically add trustees and associate trustees that can support the goals of the Foundation and Fraternity while increasing representation from chapters and geographies across the country.

Brothers, spouses, families, and friends—we can't thank you enough for your financial support and helping us to realize our financial goals in this past year. During a pandemic we stood together to protect and enrich our Fraternity, its undergraduates, and each other.

Let us all now join and be **Life Loyal** and appreciate the tremendous importance of Phi Sig in our lives and the value and fellowship it provides through our friends and brothers each and every year.

As always, we promise to use your gifts to enrich our undergraduate brothers. It is through your support that we will secure the financial future of Phi Sigma Kappa and help our undergraduate brothers to realize their full potential as men of character committed to living by the Golden Rule and treating all others and themselves with respect and dignity.

Through your continued support by witness of their character and conduct our undergraduate brothers will grow to be known as honorable men and Phi Sigma Kappa will bring the gift of our Fraternity to endless future generations.

Fraternally and Respectfully Submitted,

John P. Sheehan '82
